

— RED SEAL CERTIFIED • LICENSED, BONDED & INSURED

WINNIPEG & STEINBACH'S DRAIN AND PLUMBING EXPERTS

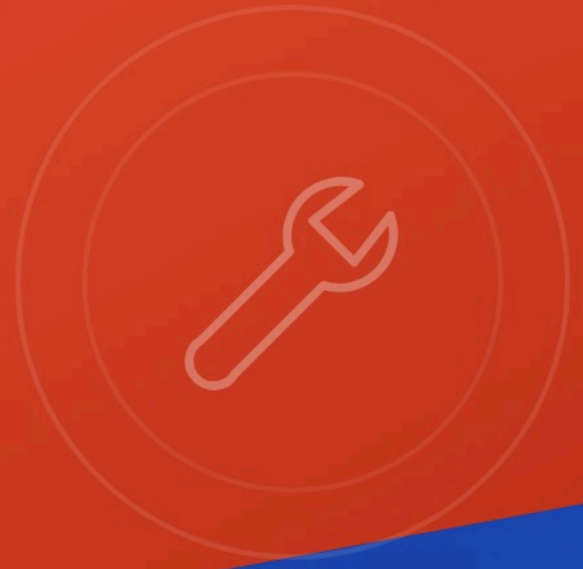

Fast, honest plumbing from a Red Seal Certified plumber. You get a firm price before we start, and it doesn't change once you approve it.

6+ years serving Manitoba

5.0 on Google

24/7 emergency

📞 (204) 619-6623

— WHY CHOOSE US

THE DRAIN MEDIC DIFFERENCE

Fast response. Honest pricing. Red Seal
Certified. Fully equipped.

—

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

— WHY CHOOSE US

THE DRAIN MEDIC DIFFERENCE

We do the job properly, explain it clearly, and treat your home with respect. Every call is handled by a Red Seal Certified plumber, and our fully stocked trucks mean most repairs are finished in one visit.

Fast Response

Rapid dispatch to stop small problems becoming big ones.

Honest Pricing

Your quote is your price. No hidden fees, ever.

Red Seal Certified

Qualified, code-compliant work done right the first time.

Fully Equipped

Stocked service vehicles so we can fix it on the spot.

No hourly guesswork, no surprise fees, and no pressure to buy work you don't need. Just repairs built to last.

- Licensed, bonded and insured
- Fixed, upfront quotes
- Clean, respectful work
- Residential and commercial

— SERVICE 01

DRAIN CLEANING

Proper tools, not shortcuts. Full drainage
restored, backups prevented.

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

SERVICE 01

DRAIN CLEANING

We clear clogged sink, tub, shower and toilet drains with the proper tools rather than shortcuts.

For deeper blockages we use main line augering to restore full drainage and reduce the risk of a backup.

Sink, tub and shower drains

Toilet clogs

Main line augering

Root removal

Hydro jetting

Garbage disposals

**PROPER TOOLS.
NOT SHORTCUTS.**

(204) 619-6623

— SERVICE 02

TOILETS & BATHROOMS

From a running toilet to a full bathroom renovation.

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

TOILETS & BATHROOMS

A running toilet is usually a flapper, a handle or a fill valve. We replace the part that failed rather than the whole fixture.

When a quick fix won't hold, we rebuild. And when you are renovating, we handle the bathroom plumbing behind it.

Running toilet repair

Complete rebuilds

Pull and reset for leaks at the base

Toilet replacement

Flange repair

Bathroom renovations

**FIX WHAT FAILED.
NOT THE WHOLE ROOM.**

(204) 619-6623

— SERVICE 03

FIXTURES & RE-PIPING

Kitchen, bathroom and laundry plumbing,
working and leak-free.

—

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

FIXTURES & RE-PIPING

Keeping the kitchen, the bathroom and the laundry working and leak-free, from a dripping faucet to a full sink re-pipe.

Faucet repair and replacement

Main shut-off valves

Sink re-pipes

Laundry supply lines

Dishwasher installs

RO water systems

WORKING. AND LEAK-FREE.

(204) 619-6623

— SERVICE 04

WATER HEATERS

Diagnose first. Then the most practical fix,
to code.

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

WATER HEATERS

We start with a diagnostic, then recommend the most practical solution rather than the biggest one.

Routine flushes reduce sediment and extend the life of a tank. Replacements meet code, with expansion tanks where they are required.

Tank flush and maintenance

Hot water tank installs

Expansion tanks

Filtration systems

\$140

WATER HEATER DIAGNOSTIC

A full check to identify the problem and whether repair or replacement makes sense.

(204) 619-6623

— SERVICE 05

SUMP PUMPS & SEPTIC

Keep the basement dry through heavy rain
and power outages.

—

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

SERVICE 05

SUMP PUMPS & SEPTIC

Protect the basement with a new sump pump, or a backup system for heavy rain and power outages.

We also install septic pumps built for reliable, long-term performance.

Sump pump replacement

Backup sump systems

Septic pump installs

THE STORM IS NOT THE TIME TO FIND OUT.

(204) 619-6623

SEWER SERVICES

— SERVICE 06

SEWER SERVICES

Spot repairs, open-cut replacement, and
emergency backup response.

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

SEWER SERVICES

Spot repairs target the problem area. Open-cut replacement is there when a line has failed outright.

And when a sewer backs up, we respond to contain the mess and clear the blockage.

Sewer spot repairs

Open-cut replacement

Emergency backups

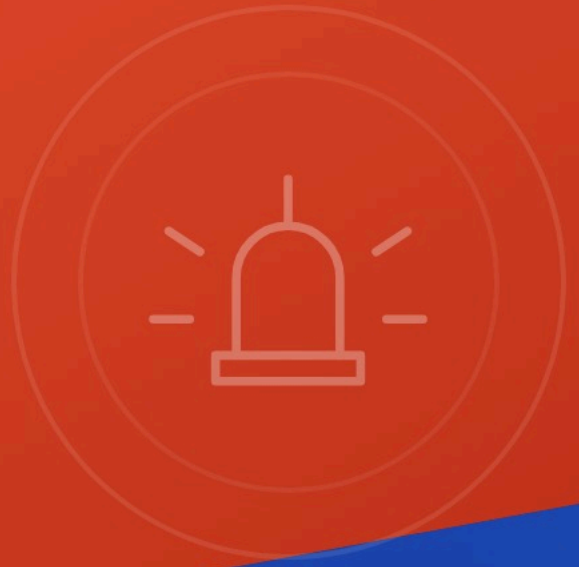

Sewer line repair

**CONTAIN IT. CLEAR IT.
THEN FIX THE CAUSE.**

(204) 619-6623

— ANY HOUR

24/7 EMERGENCY PLUMBING

Plumbing emergencies don't wait for
business hours. Neither do we.

EMERGENCY SERVICE • (204) 619-6623

— ANY HOUR

24/7 EMERGENCY PLUMBING

Plumbing emergencies happen outside business hours, so we are available around the clock.

Common plumbing emergencies:

- Burst pipes
- Overflowing toilets
- No hot water
- Major leaks
- Sewer backups
- Sump pump failure
- Frozen pipes
- Basement flooding

EMERGENCY, ANY HOUR

(204) 619-6623

(204) 619-6623

— BEFORE WE ARRIVE

WHAT TO DO RIGHT NOW

Five things that limit the damage while
help is on the way.

—

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

— BEFORE WE ARRIVE

WHAT TO DO RIGHT NOW

01 Shut off the water

Find the main valve, usually in the basement where the supply line enters, and turn it clockwise until it stops.

02 Stay away from electrical hazards

Keep clear of water near outlets or the electrical panel, and never stand in water to reach a breaker.

03 Stop using drains

During a backup, avoid flushing, showers and laundry until the line is cleared.

04 Tell the plumber what you see

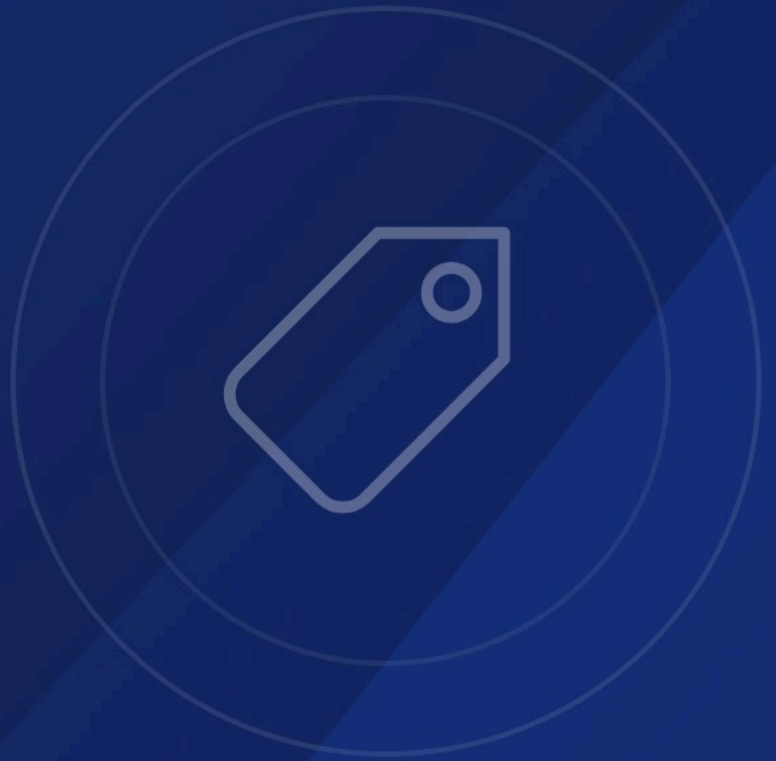

Describe the problem, and mention any chemical drain cleaner you have used.

05 If you smell gas

Leave the building immediately. From outside, call Manitoba Hydro's emergency line or 911. Do not use light switches or phones inside.

(204) 619-6623

— PRICING

NO SURPRISES. EVER.

Trust starts before the wrench turns.

Do it properly. Explain it clearly. Treat
people right.

WINNIPEG · STEINBACH · SOUTHERN MANITOBA

— ABOUT DRAIN MEDIC PLUMBING

LOCAL, RED SEAL CERTIFIED, AND STRAIGHT WITH YOU

More than six years serving Winnipeg, Steinbach and the surrounding areas. Built on qualification, accountability and respect.

No Surprises

Once quoted, the price stays the same.

No Pressure

We fix the problem you called about.
No upselling.

Always Prepared

Trucks are fully equipped, which means fewer return trips.

Emergency Ready

The right tools and the right attitude when it matters.

Repairs are meant to last, not quick fixes that bring you back next month.

**DO IT PROPERLY. EXPLAIN IT CLEARLY.
TREAT PEOPLE RIGHT.**
